Zakariae Amrani

Final-year Computer Engineering student

Passionate about digital technologies and their impact on industries, I have acquired strong skills in algorithms, programming, and information systems. Curious and motivated, I constantly strive to innovate and take on new technical challenges.

Professional Experience

Full Stack Developer - Intern

From July 2025 to September 2025 Orange Digital Center Agadir, Morocco

Main tasks:
- Developed the front-end of the application using **React.js** with a focus on performance and responsive design
- Collaborated with designers to integrate UI/UX prototypes into functional components
- Implemented dynamic views and component-based architecture to enhance user interaction
- Integrated front-end with RESTful APIs for seamless data communication
- Participated in code reviews and agile development sprints with the technical team

Vue Js Frontend Developer - Intern

From March 2025 to May 2025 Tragech Toulouse, France (Remote)

- **Main tasks:**
  - Designed and developed responsive user interfaces using Vue.js
  - Created reusable and modular components
  - Integrated WebSocket for real-time messaging between candidates and recruiters
  - Connected REST APIs for job listings and application management
  - Translated UI/UX designs using HTML5 and CSS3
    Tools & Technologies: Vue.js, Figma, Rock, GitLab, VS Code

Full-Stack Developer

From June 2024 to August 2024 Provincial Directorate of Equipment Missour

- **Main tasks:**
  - Requirements analysis and technical specification writing
  - Developed front-end with React.js and Chakra UI
  - Set up back-end architecture with Express.js and MongoDB
  - Built RESTful APIs for data management
  - Implemented JWT-based authentication
    Tools & Technologies: React.js, Node.js, Express, MongoDB, Chakra UI, VS Code

Skills

Programming Languages
C, C++, C#, Java, Python

Web Technologies
Html, Css, PHP, JavaScript

Frameworks & Libraries
React.js, Vue.js, Node.js, Nest.js, Next.js, Angular, Laravel, ASP .Net, Java JEE

Mobile Technologies
Flutter, React Native

Databases
SQL Server, PostgreSql, MySQL, MongoDB

API & Backend :
Spring Boot, Flask, FastAPI, ASP .NET Core API, Express.js, REST API, GraphQL, JWT

Data analysis
Excel, IBM SPSS, Python

Modeling & Design
Merise, UML, XML

System & Network Administration
Linux, Windows

IDE
Visual Studio code, Eclipse, CLion, Sublim Text, IntelliJ, Git, GitHub, GitLab

Education

Engineering Degree – Computer Engineering (Final Year)

Since September 2024 Faculty of Science and Technology Errachidia
Currently in the final year of the engineering program in Computer Science, deepening my knowledge in software development, information systems, and digital technologies.

University Diploma of Technology in Business Intelligence

From September 2021 to June 2023 Higher School of Technology Fes
Graduated with a DUT in Business Intelligence. Developed skills in data management and decision support systems to address technical challenges in IT.

High School Diploma in Physical Sciences

From September 2020 to June 2021 Lycée Moulay El Hassane Missour
Strong foundation in physics, mathematics, and applied sciences, developing analytical and problem-solving skills.
